

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates. The cable ownership

cap is a crucial element of our democratic media, and it should not be weakened.

The United States is headed on a crash course of savage capitalism and freedom of speech. The concentration of wealth and the concentration of media control will, repeat WILL, destroy the principles of democracy and freedom of expression, as well as the open form of capitalism that has supported this nation for 225 years. The GOP robber barons benefit, but not America. This nation is in danger, not only from abroad, but from within. Lincoln was correct. It is more than just a shame that illegal contributions are driving the American Dream into a stone wall. It is a Constitutional crisis.
